The newsletter of the French Chamber committees:

Watches are created on a regular basis for most committees: do not hesitate to check your committee webpage for more information on news, events, or indexes...

Gentle reminder:

To ease committee meetings organization, it would be really appreciated that:

- ✦ Members **reply to meetings notices** either by registering to the meeting, or replying that they cannot make it,
- ✦ **Attend the said meetings when they have registered.**
Meetings imply practical organization and invitation to speakers, and it is important that we know how many guests we shall welcome.

Committees' activities

This group focuses on the impact of new technologies for banks.

Business Advisors group

The aim of the Business Advisors group (BAG) is to bring network / contacts, advise and coach start-ups or companies going for new developments.

Actions:

- ✦ BAG modus operandi: Main idea is to bring help – the approach is altruist,
- ✦ Clear difference and separation between the BAG action (counseling) linked to the Chamber, and the financial relations linked with members *intuitu personae* that are totally separated from the Chamber scope of actions,
- ✦ Give more visibility to candidates by offering them to place a short presentation and a link to their website on the Group webpage.

Future Actions:

Continue to receive candidates on a regular basis: projects can be sent to Catherine, committees@fccihk.com, who will forward them to the BAG.

Moving into the New Year, the spring issue will return to the phenomenon of French presence in Hong Kong.
